VOLUME CVIII.--NO. 59. ALEXANDRIA, VA., SATURDAY EVENING, MARCH 9, 1907. PRICE 2 CENTS.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

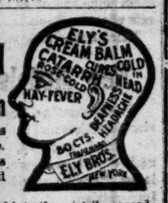
Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous; it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

Two sizes—50 cents and $1.00.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Mysterious Death in New York.

An autopsy held yesterday in New York by Coroner's Physician O'Hanlon, disclosed that Leonidas Preston, a millionaire, who died suddenly Thursday at the Hotel Cumberland, had enough hydrocyanic acid in his stomach to kill six men.

Mr. Preston was New York manager for the Timken Railroad Bearing Axle Company. He died while telephoning to some business acquaintances. The hotel physician, who was called in when Mr. Preston succumbed, gave the opinion that death had been caused by a cerebral hemorrhage.

The coroner learned that Mr. Preston went to New York from Dallas, Tex., shortly after the death of his first wife, a Texas woman. About two years ago Mr. Preston met his second wife. He went into a Broadway department store one day to buy a pair of gloves. He liked the looks of the very pretty girl who waited on him, Miss Anna Glennon, and not long afterward they were married. His two children by his first wife he left with their mother's family in Dallas. The coroner was informed that Mr. Preston had taken out two life insurance policies, one for $200,000, with his first wife as the beneficiary, and another for $10,000, which he had allowed to lapse.

Mr. Preston was said to be the sole heir to a fortune of $2,000,000 in New Orleans and to have amassed another fortune of $1,000,000 in business. He was forty-six years old, tall muscular and very strong.

Mr. and Mrs. Preston had lived at the Cumberland since last September. They had no children, but had adopted a little boy. Dr. English, house physician of the Cumberland, said that the millionaire died in terrible convulsions.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

The winds of March have no terror to the user of DeWitt's Carbolized Witch Hazel Salve. It quickly heals chapped and cracked skin. Good too, for boils and burns, and undoubtedly the best relief for Piles. Sold here by W. F. Creighton & Co., 401 King street.

Bristol Votes to go Dry.

The citizens of Bristol, Tenn., yesterday had an election on the question of abolishing saloons and voted to go "dry" by 539 to 17. The election was attended with much enthusiasm from the fact that the temperance people, including men, women and children representing various church organizations and the public schools, paraded the streets, headed by a band of music. There were fully 2,000 in the parade. The saloon men did not go to the polls, claiming, in accordance with a statement issued by them two days ago, that the election was not legal.

The presumption is that they mean to contest the verdict before the legislature, but this could hardly count for anything as the election was only intended to get an expression of the votes as a means of governing the representatives in the legislature with reference to enacting the necessary legislation to abolish the present city charter, under which saloons exist. The chairman of the local liquor men's committee said last night that they were beaten and he had no statement to make.

Bristol, Va., will vote on the same proposition April 22, notwithstanding the contention that Judge Price could not legally order an election for so early a date.

Negro Murderer Hanged.

Arthur Davis, alias Jack Davis, a negro, was hanged at 6:50 o'clock yesterpay morning in the jail yard of Surry county Court House for the murder of J. F. Saleby, a Syrian peddler at Dendron on the 26th of last December Davis was convicted at the January term of the Circuit Court of Surry county.

Davis always declared that he was innocent, and that William Wilburt and another negro, who escaped, were the murderers. While in jail at Petersburg Davis wrote two appealing letters to Gov. Swanson, but the governor declined to interfere. On Thursday night the condemned man said that he was ready to die. He added that he had not been justly tried, but was satisfied with the result. He declared that he was drunk at the time of the crime. Davis stated that he was born in Lewisburg, N. C., and that he was twenty years of age.

On the scaffold Davis bade good-by to all, and asked all of those present to meet him in heaven. He wanted to warn all young men, both white and black, to keep away from the curse of liquor, which he said had been the cause of his downfall. Just before the blackcap was adjusted, Davis kissed his hand to the crowd.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by F. S. Leadbeater & Sons, druggists.

A Father's Discovery.

Richard Kempthrone captured a burglar in his house a few miles west of Tyron, Neb., Thursday night, and yesterday morning he discovered that the burglar was his own son, Benjamin, who disappeared mysteriously from home twenty years ago and whom his father had mourned for dead. The fellow offered no resistance, and calling his hired man, Kempthrone procured a rope and bound his prisoner and locked him up. When Kempthrone opened the door yesterday morning he staggered back as if shot, and exclaimed: "It's my own boy, Ben!" Kempthrone had not recognized the burglar when he captured him in the night, but he recognized him the moment he set eyes upon him in the morning. The burglar acknowledged his identity. The father will try to reform him and keep him at home.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAR. 9, 1907

THE Fredericksburg Star in its account of the speaking by congressional aspirants at King George Courthouse on last Thursday says:

If the opening speeches indicare the character of the campaign it will be along different lines from those of the Martin-Montague campaign, when bitterness and abuse were the features. This contest starts off with good feeling among the candidates that is beautiful to behold. If it keeps up it will be refreshing. Each gentleman emphasized this in his speech. Each promised to do his best for the people if elected. If these promises are kept the crecks along the Potomac will be widened and deepened, new wharves erected, the roads will be improved, fish will swim faster and grow larger, oysters will be fatter and of better flavor and King George will become a land of flowers.

It is hoped that the campaign will be continued upon the good-natured lines so manifest at the beginning of the canvass. There is no reason why the best of feeling should not prevail in this friendly contest among democrats for the seat in Congress made vacant by the death of Hon. John F. Rixey. There is no issue in the district, and the voters will simply be called upon to select a candidate from among several gentlemen each of whom possesses the necessary qualifications for the position, and no matter which may be chosen, it will be no reflection upon the other aspirants.

JOHN ALEXANDER DOWIE has finished his terrestrial course, he having paid the debt of nature this morning. There was nothing supernatural in his death; the wheels of life simply stood still, as has been the case with the great majority from the beginning. There was no chariot of fire to transport the "prophet" to another realm, nor was Charon on hand to convey the deceased across the Styxian flood. Dowie took the beaten road over which untold millions during the past six thousand years have passed out of this vale of tears. The career of Dowie is akin to that of others who have at different times in the world's history appeared on earth with claims more or less preposterous. Such individuals flourish for a season, but a recession is inevitable and most of them die rejected, in poverty and neglected, while their dupes realize "What fools we mortals be." Dowie was more successful than the great majority of religious imposters that have appeared. Most of such attained only local prominence, as Johanna Southcote and hundreds of other deluded people who have beset the world His fame has become widespread and his pilgrimages, beginning in Scotland, his native home, have literally been around the world. Fortune at times smiled upon him, but the capricious jade had of late sought other objects of her favor.

TODAY is the 45th anniversary of the battle between the ironclads Virginia and the Monitor in Hampton Roads in 1862 which revolutionized the navies of the world. This was the most notable naval fight in the world's history, and the few persons now living who were on the Virginia or the Monitor at the time they fought each other, can recite reminiscences of that terrible encounter more thrilling than those of Abonkir Bay, Trafalgar, Manila, or Santiago. The fight in Hampton Roads was restricted to two iron monsters, and the terrible duel was witnessed by thousands. The ironclads fought for hours, manouvreing from one side of the roads to the other in the meantime and occasionally they were so close together that a person could have jumped from one to the other. Neither vessel received fatal injury during the terrible conflict, although both were temporarily crippled. The Confederates later destroyed the Virginia in the roads where she had won her universal notoriety.

ASBURY PARK is at last granting licenses for the sale of liquor. That doesn't mean that liquor will now be sold there for the first time, but merely that it will for the first time be sold legally, and not on the sly or in more or less open defiance of the law. The new system will probably not result in any increase of sales of liquor. It would be appalling to contemplate any considerable increase, says the New York Tribune, but it may result in a more orderly and responsible conduct of the traffic.

THAT was an instance of irony of fate when yesterday the woman suffrage bill was talked to death in the British House of Commons.

At 12:30 Dr. Rixey announced that Archie's condition was "all right" and there's no reason why he should not get well now.

Another step in the campaign for more effective steamboat inspection was taken by the Department of Commerce and Labor today when Secretary Straus decided that Gen. Uhler, supervising inspector general of steamboat inspection, should during the coming spring and summer inspect the records of each of the forty-four stations throughout the country. There he will go over the examination papers of captain, mates, engineers, etc., who have been licensed during the last five years. If there has been any superficial examinations, any irregularities, or other actions which lead to criticism, he will be given authority to deal with the cases as they may demand. In accordance with an announcement early in the week, the department today issued orders for the shift of assistant inspector of hulls and boilers of steamboats from one district to another for the re-inspection of vessels.

An order was issued this afternoon shifting all assistant inspectors of hulls and boilers of the Steamboat Inspection Service.

Death of Mr Rasin.

I. Freeman Rasin, for thirty-five years democratic leader of Baltimore, and principal advisor of the late Senator Arthur P. Gorman, died at his home in Baltimore this morning. His death may throw the entire political situation in that city into chaos. Mr. Rasin maintained absolute control of the local democratic organization of Maryland up to his very moment. Despite attacks from all sides, despite defeat at the polls and rebuffs from the men he had elected to high office, he still swayed that organization as he wished. He always nominated the best men for office and exerted all his influence and power to elect them.

Mr. Rasin was 74 years old. He has been ill since February 23, last. Force and determination marked the career of Isaac Freeman Rasin, who for over 35 years had been the leader of the democratic party in Baltimore. With others he came into the front in the late sixties in rehabilitating the democratic party whose membership and organization had been seriously impaired during the civil war. In 1886 he was selected by President Cleveland as naval officer for the port of Baltimore, a position which he occupied for four years. In 1890 Governor Brown appointed him insurance commissioner in which office he served until the advent of the republican State administration in 1896. In 1892 Mr. Raisin was a delegate to the democratic national convention which met in Chicago and which nominated Mr. Cleveland for President. Since that time Mr. Rasin had been a close friend of the ex-president.

Great Railway Deal.

What is regarded as having the probabilities of a great railway deal was consummated in Richmond yesterday when the Virginia Railway Company was chartered by the State corporation commission. The new company is a consolidation of the Tidewater Railway lying in Virginia, with the Deep Water Railway, lying wholly in West Virginia, the two roads meeting at the line between the States mentioned and traversing rich coal regions. The $100,000 capital of the Tidewater company, which has built and controlled the Deep Water line, is increased to $33,500,000 for the Virginia company. It is understood that the combination is practically the property of H. H. Rogers, of New York, a Standard Oil magnate, and that it means a continuous line in the near future from Norfolk to the Great Lakes.

The Baker Chocolate Suit.

According to the report of George E Sipe, of Harrisonburg, master commissioner of the United States Circuit Court for the Western district of Virginia, William H. Baker, of Winchester, a wealthy chocolate manufacturer, will have to pay the Walter Baker Company of Dorchester, Mass., $52,000, accruing from the use of certain labels and other trade insignia held to be the property of the Boston concern. In 1894 William H. Baker embarked in the manufacture of chocolate and chocolate products. In September, 1896, an injunction was issued restraining Baker from the further use of the trade insignia that infringed upon the Boston concern. The Winchester man contended that instead of a profit, he had made a loss of $8,477.77, while the Massachusetts people insisted that his profits were $271,000.

Fire in Iron Works.

Charleston, S. C., March 9.—Fire early today partially destroyed the Charleston Iron Works, and a number of small factories in the immediate vicinity and for a time threatened the destruction of the entire water front and the manufacturing district. Only good work on the part af the fir men prevented the flames from gaining much headway. The loss was $100,000.

Joseph Paolucci, a young Italian shoemaker, was convicted in Washington yesterday of murder in the first degree. Justice Barnard remanded him for sentence, which will be the death penalty. Paolucci was convicted of the murder of Miss Elizabeth Dodge, a 17-year-old girl with whom he was enamored. According to the testimony in the case, the shooting of the girl, on September 13 last, was a premeditated and cold blooded murder. The girl had been on friendly terms with the young Italian, but did not take his advances seriously.

Waybright, a former minister of the German Baptist Church, and until recently a member of the County Court of Pendleton. Big Suit.

A suit for $30,000,000 with costs and attorneys' fees was filed in the United States Circuit Court, in New York, yesterday, against the American Sugar Refining Company by the Pennsylvania Sugar Refining Company, of Philadelphia. The latter is the company in which Frank K. Hipple, president of the Real Estate and Trust Company, had 26,000 shares of stock (the controlling interest), and which in turn he had placed in the hands of Adolph Segal, the Philadelphia promoter. Hipple killed himself when his enterprises went to smash about a year ago.

The complaint in the suit, which is brought through the law firm of Battle & Marshall, of this city, alleges that through Segal negotiating a loan from Gustav E. Kissel, the banker, acting as agent for the American Sugar Refining Company, the latter corporation obained control of the Pennsylvania Sugar Refining Company by reason of the fact that the voting power in this company had been placed with the American Sugar Refining Company when Segal turned over, among other collateral for his loan, the receipt for 26,000 shares in the Pennsylvania Sugar Refining Company. This was Hipple's property that had been placed with Segal as security.

Southern Declares Dividend.

The directors of the Southern Railway yesterday declared the regular semi-annual dividend of 2½ per cent on the preferred stock. A statement of the company's income for the six months ended December 31 shows a decrease of $912,117 in net income from operation; a decrease of $875,705 in total income, and a decrease in the total balance of $1,554,000. The statement declares that the dividend on preferred stock has been earned, and that the operations of the company for the first six months and of the present month reflect extraordinary conditions, which, it is believed, can be improved, except as the company may be affected in common with other roads by an increase in wages and higher prices for material.

Ex-Governor at Harvard.

Ex-Governor A. J. Montague, of Virginia, gave an address at Harvard University last night, in which he touched on the subject of lynching in the South. He said, in part:

"Some of us are taught to favor lynching, and, therefore, to fear the strong arm of the federal power. This barbaric malady will not be finally eradicated in America until the people exercise a self restraint born of conviction and not of fear. In our system of government, above all others, there is no place for private or personal vengeance. I think that a strong constabulary is the best school to teach the virtue of self-restraint and the beneficence of law and order over riot and murder. I give it as my deliberate opinion, shared by the bulk of the law-abiding people of the Southland, that there is never an occasion where resort to lynch law is justifiable among civilized people. Such practices snap the fundamental bonds of society and will even unite in a government as capricious and as relentless as that of wild beasts."

Child Locked to Perishes.

Knowing that her eleven-months-old daughter was roasting to death in her apartment, but being unable to rescue the child because she had forgotten where she put her key, Mrs. Magdalene Butler, of Fourth avenue, New York, pounded on the door yesterday until she became unconscious. The cries of the frantic woman attracted two policemen and they rushed to the rescue and broke down the door, only to find the body of the baby burned to a crisp in a high chair. Mrs. Butler is the janitress of the house and she left the child, who was named after her, sitting in her chair between the table and range in the kitchen when she went to clear the sidewalk of snow. A little later tenants smelled smoke and raised a cry of fire. Mrs. Butler ran in to the hall and saw smoke issuing from beneath her door. Frightened out of her senses, she could not remember where she put her key and rushed screaming into the street.

Senator Tillman at Danville.

Senator Tillman spoke at Danville last night on "trusts, monopolies and railroads" to a large audience.

He led off with an arraignment of the steel trust and its methods, incidently touching on the domestic infelicities of President Corey. The recent big scandals of the millionaires, he said, "showed that they traded wives like other people traded horses." He declared Roosevelt "flunked" on the rate bill and had inserted at the last minute an amendment which made the measure practically useless. Harriman, he said, ought to be in the penitentiary. There was no law enacted to punish him, he said, because the corporation which he represented controlled the lawmakers. The lecture was for the benefit of the Virginia Sanitarium for Consumptives, at Ironville.

Young Woman Dashed to Death.

Miss Clara Bushman, aged twenty-four years, a pretty stenographer, was killed yesterday in the Mercantile Library building, in Cincinnati, in an inexplicable elevator accident. She attempted to board an upgoing car at the third floor. The door had been opened for her by the boy in charge of the lift, but before she could step inside the car shot upward, allowing her to fall forward into the empty shaft. With a shriek she dropped downward and was dashed to death upon the mechanism of the elevator in the subcellar, a fall of five floors. Even witnesses of the accident could not explain it, and for more than an hour afterward the boy in charge of the car, who had only been employed a short time, kept the car between floors, refusing to answer bells or questions.

There is nothing nicer to have in the larder than a few cans of Argo Red Salmon just the thing for unexpected company. 15 cents a can.

Today's Telegraphic News

Death of John A. Dowie.

Chicago, March 9.—John Alexander Dowie, former Overseer of the Christain Catholic Church, died at 7:40 o'clock this morning at Zion City, Ills., which he founded on the north shore of Lake Michigan. His passing was not unexpected. The aged leader of the Zion sect had been in a state of dissolution for months.

Dowie died at "Shiloh House" with apparently little pain. He was attended by three of his faithful personal followers, Judge Barnes, Freeman Hachnel, a white servant, and John Hershfield, colored.

The prophet yesterday was in his usual condition; that is he, exhibited no immediate signs of passing away, although weak. At midnight he was seized with a fainting spell and became delirious, imagining he was conducting a religious service. He denounced in his ramblings supposed interrupters and ordered his guards "to take the man out."

The delirium lasted until daylight. Gradually, the great physique gave way, and at 7:40 o'clock Dr. Dowie drew his last breath. It is believed he died of dropsy and with blood complications.

The history of Dowie is still fresh in the minds of readers of newspapers.

Beaten in his later years for control of the great properties he had originated, the prophet failed to recover his old time physical strength.

Dowie was a Scotchman. He was secretive about his origin in an obvious effort to prepare his followers for some announcement of immaculate conception. His father, an aged Scotchman, appeared here after Dowie reached his zenith, and proclaimed his relationship. The "apostle" denied the old man's claims upon him, and, it is charged, refused to provide for him.

Suspected of Kidnapping.

Dover, Del., March 9.—For the first time since his disappearance, last evening a tangible clue as to the probable kidnappers of four-year-old Horace N. Marvin, son of Dr. Marvin, has been obtained. John Hart, a mysterious character with a none too savory reputation about his home at Bowers Beach, is in jail at Newcastle, being held until he can give a satisfactory explanation of his actions on the day the lad was kidnapped.

Last Monday Hart is said to have been cruising about the beach of the Marvin farm, and to have made a landing at a point near the old barn on the estate where the child is supposed to have been held immediately after the kidnapping. Hart is unable to tell a straight story. He was, however, later released.

Dover, Del., March 9.—The kidnappers of baby Horace N. Marvin have been spoted, according to well authenticated reports here this afternoon. They are now under the surveillance of detectives and arrest is only being delayed until certain evidence clinching the crime can be secured. It is said that the letter received yesterday by Dr. Marvin furnished the clue which put the detectives on the right scent.

Mystery Dissipated.

New York, March 9.—The mystery surrounding the death Thursday night of Leonidas M. Preston, in his apartments at the Hotel Cumberland, was dissipated at the coroner's inquest today, when it became practically certain that the dead man was short in his accounts as secretary and New York manager of the Timken Roller Axle Company. A superficial examination of his books, seems to indicate that Preston's shortage will be between $50,000 and $100,000. At the inquest today it was stated that a note of the company for $5,000 was due yesterday and that it was the knowledge of his inability to meet it that P. prompted Preston to swallow the dose of prussic acid which caused his death. It appears that the dead man's fantastic tales of a legacy of $3,000,000 which he was to receive, in a few years, was a mere myth, concocted for the benefit of his young wife, the former New York shop girl.

According to the testimony of Joseph M. Shaw, an attorney, Preston was not only a defaulter, but a forger, having signed the name of E. R. Hewitt, connected with the company, and a son of former Mayor Hewitt, to four notes aggregating $57,000.

The Thaw Trial.

New York, March 9.—When District Attorney Jerome reached his office today word was sent to every attache to remain at the office all day and prepared to work all night if necessary. County detectives were at once summoned and dispatched on some mission.

It is reported that Jerome had received a cablegram from Craig Wadsworth, second secretary of the American Embassy in London, containing much valuable information. The sleuths were at once dispatched to verify statements in the cablegram. An important development today was the retaining by District Attorney Jerome of six additional alienists besides Doctors McDonald, Flint, and Mahon who have figured in the trial. These experts met in assistant District Attorney Garvan's office today, and were supplied with complete copies of the testimony in the case.

Two priests reported to be visitors from Lima, Peru, called on Thaw today, and were granted a lengthy interview by Thaw.

Sultan's Troops Defeated.

Tangier, Morocco, Mar. 9.—In defeating three combined armies of the Sultan of Morocco, the bandit Raisuli, with his allies from the Benitrous tribe, gained a complete victory, and among the killed on the side of the Sultan is the Caid Mohammed Limouri and five of the best known officers of the loyal army. The fighting lasted nearly half a day. The total loss to the Sultan is 150 killed and many wounded. Raisuli's loss is not revealed. The defeated soldiers were later rallied and enraged over the losses attacked the country people and killed many women and children, even mutilating them to obtain rings and bracelets. Raisuli is declared to be now holding an impregnable position in the hills. A renewal of the fighting is expected as troops and ammunition are being hurried to reinforce the Sultan's army.

Soldiers in Charge of Plant.

Paris, March 8.—Soldiers from the engineering division of the French army have been detailed to assume charge of the city lighting plant where the strike of electricians is in progress and the streets of the city will be lighted tonight. The strikers at a meeting decided to continue the strike. Serious rioting is feared when the attempt is made to operate the plants with strike breakers. Already many dynamos nave been damaged through the removal of essential parts by strikers. All of the big hotels where artificial light is needed during the day are much inconvenienced, and candles are being used for illumination. The report that the underground railway was collapsing because of water pouring into the "tube" from the Seine because of the stoppage of the electrical pumps is not true. The police and troops are in readiness to suppress any outbreaks.

The Kaiser's Peril.

Berlin, March 9.—Effort on the part of certain newspapers in the United States to belittle the attempt made to injure Kaiser William by a member of the orchestra which was giving a concert in the White Hall of the palace Wednesday night, when the man suddenly became violently insane, are in direct contradiction of the facts. All the German newspapers chronicled the real facts that Kupke, the madman, as exclusively told by the Publishers Press, tried to attack the Emperor and was only restrained by officers near the Kaiser. The Berlin Zeitung, especially, printed a graphic account given by an eye witness, and the subject has been discussed by every one present. The leading newspapers all over Europe printed the story as it really occurred and the London newspapers yesterday confirmed the early reports in detail.

Battle in a Church.

New York, March 9.—A desperate pistol battle between priests of the church of the Immaculate Conception in the Bronx and two burglars who were seeking to steal the sacred vessels of the church was fought shortly before daylight today. In total darkness, save for the tiny shaft of light cast by the altar light, two priests and two burglars emptied their revolvers at each other. Both the burglars escaped, but numerous blood spots indicate that at least one of the men was hit. The burglars had piled the sacred vessels of the church in one of the pews and were making ready to escape when discovered.

Papers Served.

Concord, N. H., March 9.—Papers in the Eddy suit were served today upon four local defendants by High Sheriff Kimball. Calvin A. Frye and Lewis C. Strang, Secretary and Assistant Secretary of Mrs. Eddy, were served personally, at Mrs. Eddy's home, Pleasant View. Professor Herman Shering, the first reader of the church, of Christ, was served personally at his residence. Rev. Irving C. Tomblin, Mrs. Eddy's agent, was out of town, so papers were left at his home. The service was made without incident or sensation.

Postoffice Dynamited.

St. Louis, March 9.—Robbers attacked the postoffice at Carlinsville, Ills., early today, shot and probably fatally wounded policeman Wm. Van Meter, who tried to arrest them, dynamited the safe and got away with stamps and money. Reports of the robbery were telephoned to East St. Louis with a request for detectives and patrolmen. According to the message two men crashed in the front door of the postoffice. Policemen Van Meter and Mike Ryan rushed to the scene and the robbers opened fire and it was returned by the officers. The robbers are believed to have escaped on a freight train.

The United States and Japan

Tokio, March 9.—The dispute between Japan and the American governments came before the lower House of the Japanese Diet today, when Viscount Hawashi, replying to an interrogation urged the members to remain calm and trust to the government to settle the matter in a manner satisfactory to all concerned. He declared that excitement over the matter would tend to increase the difficulties and stated that the good will of President Roosevelt and his friendliness for Japan is absolutely beyond question.

New York Stock Market.

New York, March 9.—The stock market was subjected to heavy pressure again today, carrying prices to still lower levels and causing increasing nervousness both on the floor and outside of the exchange. After the first few minutes there was an absence of buying orders and at the same time a huge increase in the supply. The market after irregular changes at the opening and in the first few minutes declined 1 to 2 points with London selling estimated at 350,000 shares.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mission at St. Mary's Church.

After Rev Father Waters had given clear and precise answers to questions of great interest at St. Mary's Church last night Rev. Father A. J Van Ingelgem gave his lecture on "The Sacrament of the Lord's Supper." He said: "Is Christ really, personally present in the Catholic communion service? Yes, He is. Some may ask, What do you mean by the real presence? Do you mean that the flesh and blood of Christ in the communion are like other flesh and blood? In substance, yes; in mode or form, no; for as He is now in heaven, so is He on our altars, glorified and invisible. His real presence is not the presence of His flesh and blood in a gross manner. It is a miraculous and mysterious presence. The real body and blood of Christ, together with His soul and His divinity, physically, truly, substantially present, but perfectly spiritualized, under the appearances of bread and wine. The substance of the bread and wine is changed, the appearances remain. That is rightly termed transubstantiation. It means that when Christ at the last supper pronounced the words: 'This is My body, this is My blood,' the Son of God by His omnipotent power transubstantiated or changed the substance of the bread and wine into His living flesh; so that no bread or wine whatsoever remained, but himself—body, blood, soul and divinity—under their appearances. Let us look at the evidence of Scripture for the real presence. First consider the sixth chapter of St. John, 48th verse. These words must be taken in their literal sense; or else Christ, out of pity, should have set right those who, on account of taking them literally, forsook Him. Then consider the scene of the last supper as related by the three synoptic gospels of Matthew, Mark and Luke, using very nearly the same words. Christ had promised to give His body to eat and His blood to drink as the sixth chapter of John tells us; now, he takes bread and giving it to His disciples says: 'Take ye and eat, this is My body' Then taking the chalice gives it to them saying: 'Drink ye all of this, this is My blood.' When Christ said these clear words, it was no time to speak to His apostles in misleading figures of speech. All the twelve understood Him literally. So did Paul, 1 Cor. x. 16 and xi. 23-29; so did all the early Christians; so did all Christendom till 350 years ago; so does the vast majority of Christians in the world today. Is it credible that all were deluded? If they were wrong, Christ deceived them. But God forbid! Far from deceiving us, He gave us His greatest gift—His own body and blood, soul and divinity, for the nourishment of our soul."

Services tonight at 7:30. Closing of the mission on Sunday evening. Seats free, all welcome

The Men's Mass Meeting.

As was announced some days ago in the Gazette, Hon. John Barrett, director of the International Bureau of American Republics, will address the men of Alexandria at a mass meeting to be held next Monday evening, at 8 o'clock, in the Second Presbyterian Church, on the subject "The new South America and its relations with the United States."

Mr Barrett has had an unusually brilliant career in the public service of his country, though still quite a young man. He has been in the diplomatic service for nearly fourteen years having first been appointed Minister to Siam in 1894 when only four years out of college, through which he worked his way by teaching school and other means of earning money. In 1898 and 1899 he was war correspondent in the Philippines, then Special Commissioner in Japan and China 1900; delegate of the United States to the Pan-American conference in Mexico, 1901-'02; commissioner-general St. Louis Exposition, 1902-'03; U. S. minister to Argentina, 1903-'04; minister to Panama, 1904-'05; minister to Colombia, 1905-'06.

In addition to the address on this subject, brought very much in the public eye by the recent visit of Hon. Elihu Root, U. S. Secretary of State, to the South American republics, and his subsequent addresses in New York and elsewhere, Mr. S. Frederick Smith, of the Washington College of Music, will give a short organ recital.

The meeting is open to every man of the city, as no admission will be charged and all are invited.

Funeral of Miss Mason.

The funeral of Miss Frances Forsythe Mason, whose death occurred on Thursday in Washington, took place this morning at 11:30 o'clock, from Christ Church. The services were conducted by Rev. Messrs. Morton, of this city, and Johns, of Washington. A number of friends and acquaintances of the deceased attended.

The deceased was a daughter of Murray Mason and a granddaughter of Hon. James Murray Mason, former U. S. Senator from Virginia and Commissioner to England from the Confederate States. She was a great granddaughter of General John Mason, of "Cleremont," Fairfax county, who was a son of George Mason, of Gunston Hall, Fairfax county, author of the Virginia Bill of Rights. She was also a cousin of Gen. Fitzhugh Lee. Miss Mason was a descendant of many of the older families of Virginia and Maryland, among them the Murrays, Chews, Forsythes, and others. She leaves two sisters—Mrs. S. B. Davis and Mrs. Bower.

Remodeled Drug Store.

The drug store of Messrs. Gibson & Timberman, at the southeast corner of King and Alfred street has been completely metamorphosed and its modern and beautified form is justly admired by all who have inspected it. The new store is finished in white and gold and illuminated by nearly a hundred electric globes and a new floor, mosaic in design, has been laid. The prescription department is situated on the balcony above the store. This secures accuracy in the compounding of medicines, as it is private and away from the public. The improvements have been made by Mr. Joseph F. Rodgers, contractor for the work, and it reflects credit both in design and workmanship.

Proposed Steel Plant.

E. Cooper Wills, president of the Delaware and Lackawanna Steel Company, with its plant at Oxford Furnace, N. J., has been in Washington several days in conference with capitalists concerning the establishment of a steel plant near the capital city. Mr. Wills states that his company will locate a large plant near Washington or at Alexandria. It is the plan of organization to establish others plants in Chicago, Seattle, and at point in Ohio and Texas. He is the inventor of the Wills steel converter process, which makes steel castings direct, instead of first casting the metal into ingots.

Citizens Complain.

The Corporation Commission was engaged yesterday in Richmond in hearing complaints of citizens of Alexandria and Fairfax counties against the Washington, Arlington and Falls Church Railway Company. The hearing was completed, and was continued until today. Mr. R. Walton Moore appears for the company, and Messrs. R. C. L. Moncure and Frank Lyon for the complaints. The patrons of the road complain of the passenger service and schedules given by the road.

Schooner Docked.

The Mutual Ice Company completed the dredging of the dock on the north side of their new pier at the foot of Cameron street yesterday, after which the four-masted schooner Clara A. Donnell, loaded with ice, which had been lying in the stream, was docked. The mud which had been temporarily deposited in a near-by dock is now being removed to the flats which it was impossible to do a few days ago on account of the low tides.

The Market.

There was a slight increase in the offerings of country produce in market this morning, and more buyers were in attendance. Prices for most articles had undergone no material change. Eggs, however, were weaker, selling at 20 cents a dozen. Most of the business was transacted at the butchers' and hucksters' benches. The fish dealers had ample supplies at unchanged prices. Poultry sold at the highest prices of the year, chickens selling at 20 cents a pound.

Potomac Lodge of Odd Fellows.

At a regular meeting of Potomac Lodge No. 38, I. O. O. F., held last night, Mr. Fred Kane was elected delegate and Mr. J. T Watkins alternate to the Grand Lodge that meets in Norfolk the latter part of May.

It is understood that all the orphans of the order will be taken from the home in Lynchburg and given a ten days trip to Jamestown during the meeting of the Grand Lodge in Norfolk.

Trod on Torpedo.

A horse attached to a wagon belonging to Mr. Peter Talbot, living near Accotink, Fairfax county, while on King street, between Royal and Pitt, at an early hour this morning stepped upon a railroad torpedo which some person had placed in the street. The torpedo exploded with a loud report and particles of it were embedded in the horse's legs. The explosion startled many people who were in the neighborhood at the time.

Col. Ficklin's Candidacy.

Col. Theodore Ficklin, principal of the George Washington High School, who is a candidate for the democratic congressional nomination in the Eighth district, will be unable, on account of his duties, to make a vigorous campaign. He is well known in every county of the district and needs no personal introduction to the voters.

B. Y. P. U.

The B. Y. P. U. of the First Baptist Church will hold another of their attractive meetings in the lecture room of that church Sunday at 2:30 p. m. at which a short address will be delivered by Rev. C. D. Bulla. A chorus by the Young Men's League will render the music. All are cordially invited to attend.

Corporation Court.

[Judge L. C. Barley presiding.]

Hattie Grinnell vs. Priscilla Gatewood, et al., decree making certain infants party defendants.

The March term, a chancery term of the court, begins on Monday.

It is rumored that should Mr. J. M. Johnson not be appointed Circuit Judge to fill the vacancy caused by the resignation of Judge Nicol, the ermine may fall upon the shoulders of Mr. S. G. Brent.

Mr. R. C. L. Moncure, of Alexandria, is in the city on legal business. When asked last night his opinion as to the congressional race in the Eighth District, Mr. Moncure said he believed Mr. C. C. Carlin, or his town, stood the best chance. Mr. Moncure conceded the home countries of the other three candidates respectively to them, but thought Mr. Carlin would carry Alexandria city and county and Stafford and KingGeorge, while Fauquier was good fighting ground. He believed that though Speaker Ryan would carry Loudoun, Mr. Carlin would get a fine vote there. Mr. Moncure is a law partner of State Senator L. H. Machen, of Alexandria. He said he believed Mr. Machen would return to the Senate without opposition.—[Richmond Times-Dispatch.

Alcohol From Sawdust.

"Glorious opportunities lost, is the name for a song that the drinking men of the country can sing with great pathos," said Dr. Wiley, the pure-food expert of the Agriculture Department, yesterday, "for science has just discovered that sawdust is good material for the manufacture of alcohol.

"It is not wood alcohol," declared the expert, "but the genuine stuff. It cannot be told by taste, smell or chemical analysis from the alcohol made from Indian corn.

"Just stop and think for a moment of the millions of tons of sawdust that have gone to waste. Sawmills, when the mountains of sawdust get too high around them, have to be moved to escape the sawdust. You cannot burn it. It has had no commercial value. But it makes good alcohol, and a new industry has come into being.

"Sawdust alcohol is now being manufactured commercially in Pennsylvania, and the industry is expected to spring up and thrive in all sawmill communities."

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side, by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c.

Paris in Darkness.

Without a word of warning the employes of the electric light and power companies of Paris went on strike Thursday afternoon at 5 o'clock. The few lights that were then burning were extinguished and electric elevators ceased running. General confusion set in where electricity is employed as a sole means of lighting. Tradesmen closed their places of business, and the proprietors of cafes made hurried searches for lamps. Hundreds of candles were used for lighting purposes. The evening papers failed to appear. All the theaters except two had to forego their performances. Even the Palace of the Elysees, the official residence of President Fallieres, was without light. The strike is due to the fact that the men want more pay and shorter hours. The strikers attempted to hold a meeting in front of the labor exchange, but the police prevented them.

ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO.

Little globules of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Lover Shoots Himself.

Repulsed by the woman with whom he was madly in love, Henry De Burt, a prominent contractor, fired a bullet into his head while standing in the doorway of the woman's home in Cleveland yesterday afternoon. De Burt was removed to a hospital in a dying condition. In De Burt's trunk were found many letters from the object of his affections, Mrs. Florence Patterson, but it appeared that recently she had discarded him. Yesterday afternoon she answered a call to her door, but seeing De Burt she closed it in his face. In an instant a shot rang out and Mrs. Patterson opened the door again to find the man lying in a pool of blood, the result of a ghastly bullet wound in the temple. Mrs. Patterson, it is said had been separated from her husband.
